Oklahoma Computer Science Standards

Oklahoma State Board of Education approved new CS Standards that will be implemented for the 2018-2019 school year.

Access them here: <http://sde.ok.gov/sde/computer-science-standards>

Hands-on Activity: Instructions

Small sheet - color in squares to create a design

Large sheet - write instructions for your partner to follow to duplicate your design using the following symbols:

What is computational thinking?

“**Computational Thinking (CT)** is a problem solving process that includes a number of characteristics and dispositions. CT is essential to the development of computer applications, but it can also be used to support problem solving across all disciplines, including the humanities, math, and science.”

What is computational thinking?

1. Decomposition
2. Pattern Recognition
3. Abstraction
4. Algorithm Design

@iamliterate

I have some good news for you!

You don't have to be a
coder to teach coding.

[@iamliterate](https://about.me/katlin)

I have some good news for you!

You don't have to reinvent
the wheel.

Minecraft Hour of Code Tutorials

Many languages | Modern browsers and tablets | Grades 2+

The image displays three promotional cards for Minecraft Hour of Code tutorials. The top card, 'Minecraft: Hero's Journey', features a large pixelated character and a 'New' badge. Below it are two smaller cards: 'Minecraft Designer' showing two characters and 'Minecraft Adventurer' showing a character in a landscape. Each card includes a brief description and a 'Start' button.

Minecraft: Hero's Journey
Minecraft is back for the Hour of Code with a brand new activity! Journey through Minecraft with code.

Minecraft Designer
Program animals and other Minecraft creatures in your own version of Minecraft.

Minecraft Adventurer
Use code to take Alex or Steve on an adventure.

Central Library Houses Large Kraken in First Floor Water Fountain

Customers and staff love library's new pet despite its tendency to overturn boats

By World's Editorial Writers Mar 19, 2017 0

Save the Krakens

The new library pet, Pete the Kraken, is pictured above saving the library from pirates that had decided to storm the first floor fountain.

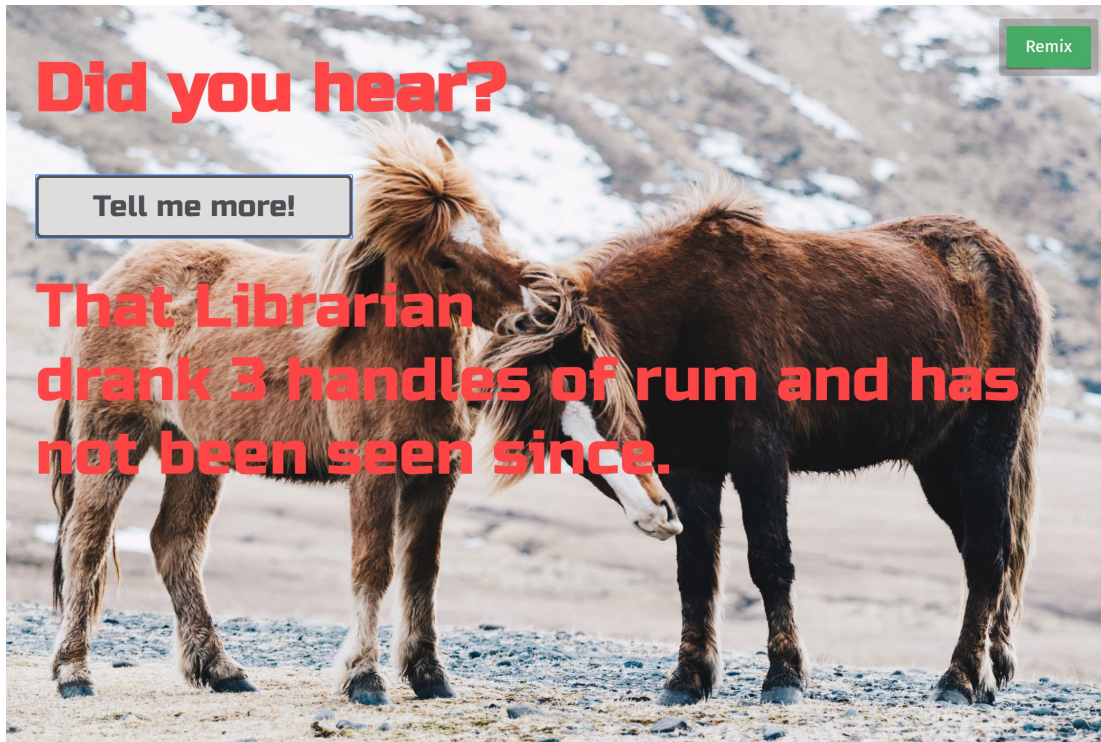

Latest Headlines

- Central Library staff dominate March Madness brackets
- Central Astronomy Night draws a crowd of 250 to view Downtown Tulsa's night sky
- Seed Library checks out almost 800 packets in the month of March - isn't that crazy awesome
- Digital Literacy Lab provides customers instruction of information literacy and how to navigate the web
- Central staff advocate for new room called "Library" that is just a room full of lab puppies that need petting
